Gynaecologists

# Target Ovarian Cancer Essay Prize

Supported by the Royal College of Obstetricians and Gynaecologists

This essay prize is open to all undergraduate medical students across the UK. We are looking for original pieces of work focusing on one of three topics around the early diagnosis of ovarian cancer. Over 7,000 women a year are diagnosed with ovarian cancer across the UK and it is the deadliest of the gynaecological cancers.

**First prize: £500**

**Second prize: £200**

**Deadline for submissions:  
30 June 2017**
