

# RCSEd National Student Surgical Skills Competition 2018/19

## Registration Now Open!

The College, in collaboration with Medtronic, is giving aspiring surgeons in their final year of UK medical school an opportunity to learn and then demonstrate basic surgical skills in tests set against their peers from across the UK. The challenges will range from suturing and knot-tying to basic laparoscopic skills.

The College with Medtronic will host regional heats in 19 different locations throughout the UK in autumn 2018, offering final year medical students the opportunity to win a place in the grand final. The Finalists will receive a travel and accommodation package to Edinburgh to stay at the College's Ten Hill Place Hotel and represent their school and region in the Grand Final on 16 March 2019.
